

price lists used, the supplier or suppliers contacted, and other pertinent data.

(3) *Special situations.* Include additional statements—

(i) Explaining the absence of competition if only one source is solicited and the acquisition does not exceed the simplified acquisition threshold (does not apply to an acquisition of utility services available from only one source); or

(ii) Supporting the award decision if other than price-related factors were considered in selecting the supplier.

(c) *Notification.* For acquisitions that do not exceed the simplified acquisition threshold and for which automatic notification is not provided through FACNET or an electronic commerce method that employs widespread electronic public notice, notification to unsuccessful suppliers shall be given only if requested or required by 5.301.

(d) *Request for information.* If a supplier requests information on an award that was based on factors other than price alone, a brief explanation of the basis for the contract award decision shall be provided (see 15.503(b)(2)).

(e) *Taxpayer Identification Number.* If an oral solicitation is used, the contracting officer shall ensure that the copy of the award document sent to the payment office is annotated with the contractor's Taxpayer Identification Number (TIN) and type of organization (see 4.203), unless this information will be obtained from some other source (e.g., centralized database). The contracting officer shall disclose to the contractor that the TIN may be used by the Government to collect and report on any delinquent amounts arising out of the contractor's relationship with the Government (31 U.S.C. 7701(c)(3)).

Subpart 13.2—Actions at or Below the Micro-Purchase Threshold

13.201 General.

(a) Agency heads are encouraged to delegate micro-purchase authority (see 1.603-3).

(b) The Governmentwide commercial purchase card shall be the preferred method to purchase and to pay for micro-purchases (see 2.101).

(c) Purchases at or below the micro-purchase threshold may be conducted using any of the methods described in subpart 13.3, provided the purchaser is authorized and trained, pursuant to agency procedures, to use those methods.

(d) Micro-purchases do not require provisions or clauses, except as provided at 32.1110. This paragraph takes precedence over any other FAR requirement to the contrary, but does not prohibit the use of any clause.

(e) The requirements in part 8 apply to purchases at or below the micro-purchase threshold.

(f) The procurement requirements in the Resource Conservation and Recovery Act (42 U.S.C. 6962) and Executive Order 13101 of September 14, 1998, Greening the Government through Waste Prevention, Recycling, and Federal Acquisition, apply to purchases at or below the micro-purchase threshold (see Subpart 23.4).

(g) There is a temporary \$15,000 micro-purchase threshold for the acquisition of supplies or services by or for the Department of Defense for which award is made and funds are obligated on or before September 30, 2003, facilitating the defense against terrorism or biological or chemical attack against the United States (see 2.101). Purchases using this authority must have a clear and direct relationship to the defense against terrorism or biological or chemical attack.

13.202 Purchase guidelines.

(a) *Solicitation, evaluation of quotations, and award.* (1) To the extent practicable, micro-purchases shall be distributed equitably among qualified suppliers.

(2) Micro-purchases may be awarded without soliciting competitive quotations if the contracting officer or individual appointed in accordance with 1.603-3(b) considers the price to be reasonable.

Federal Acquisition Regulation

13.302-1

(3) The administrative cost of verifying the reasonableness of the price for purchases may more than offset potential savings from detecting instances of overpricing. Therefore, action to verify price reasonableness need only be taken if—

(i) The contracting officer or individual appointed in accordance with 1.603-3(b) suspects or has information to indicate that the price may not be reasonable (e.g., comparison to the previous price paid or personal knowledge of the supply or service); or

(ii) Purchasing a supply or service for which no comparable pricing information is readily available (e.g., a supply or service that is not the same as, or is not similar to, other supplies or services that have recently been purchased on a competitive basis).

(b) *Documentation.* If competitive quotations were solicited and award was made to other than the low quoter, documentation to support the purchase may be limited to identification of the solicited concerns and an explanation for the award decision.

Subpart 13.3—Simplified Acquisition Methods

13.301 Governmentwide commercial purchase card.

(a) The Governmentwide commercial purchase card is authorized for use in making and/or paying for purchases of supplies, services, or construction. The Governmentwide commercial purchase card may be used by contracting officers and other individuals designated in accordance with 1.603-3. The card may be used only for purchases that are otherwise authorized by law or regulation.

(b) Agencies using the Governmentwide commercial purchase card shall establish procedures for use and control of the card that comply with the Treasury Financial Manual for Guidance of Departments and Agencies (TFM 4-4500) and that are consistent with the terms and conditions of the current GSA credit card contract. Agency procedures should not limit the use of the Governmentwide commercial purchase card to micro-purchases. Agency procedures should encourage use of the card in greater dollar

amounts by contracting officers to place orders and to pay for purchases against contracts established under part 8 procedures, when authorized; and to place orders and/or make payment under other contractual instruments, when agreed to by the contractor. See 32.1110(d) for instructions for use of the appropriate clause when payment under a written contract will be made through use of the card.

(c) The Governmentwide commercial purchase card may be used to—

(1) Make micro-purchases;

(2) Place a task or delivery order (if authorized in the basic contract, basic ordering agreement, or blanket purchase agreement); or

(3) Make payments, when the contractor agrees to accept payment by the card.

(b) Purchase orders shall—

(1) Specify the quantity of supplies or scope of services ordered;

(2) Contain a determinable date by which delivery of the supplies or performance of the services is required;

(3) Provide for inspection as prescribed in part 46. Generally, inspection and acceptance should be at destination. Source inspection should be specified only if required by part 46. When inspection and acceptance will be performed at destination, advance copies of the purchase order or equivalent notice shall be furnished to the consignee(s) for material receipt purposes. Receiving reports shall be accomplished immediately upon receipt and acceptance of supplies;

(4) Specify f.o.b. destination for supplies to be delivered within the United States, except Alaska or Hawaii, unless there are valid reasons to the contrary; and
